Lisa,

Attached please find a summons for an upcoming trial in Norfolk Superior Court, Comm. v. [REDACTED] The lab number is [REDACTED]

I have a question about the analysis. Both you and Annie Dookhan signed the certification, but I will not be calling her as a witness. Your name is the first signature on the certification. Can I assume from that, that you can testify as to the quality of the substance and the quantity and that Ms. Dookhan confirmed your results? Or is she a necessary witness? I will not be calling her as a witness, so I'm just trying to figure out if I am fine with just you testifying or if I need to come up with a plan B.

Thanks so much for your help. You can reply to this email or give me a call at the number below.

Thanks!
Craig
